2022/10/26 Passed by the 7<sup>th</sup> Administrative Council of the Academic Year 2022  
2023/1/18 Revised and passed by the 13<sup>th</sup> Administrative Council of the Academic Year 2022

- Article 1 To advance talent cultivation, expand the foundation for industry-academia collaboration, and introduce industrial resources, Industrial Academy (hereinafter referred to as "the Academy") has been established in accordance with Article 7 of the University's Organizational Regulations and enacts these regulations.
- Article 2 The primary missions of the Academy are as follows:
1. Talent Development: Based on the "interdisciplinary co-teaching" concept, the Academy designs industry-oriented academic programs tailored to industry needs to nurture future talents.
  2. Industry-Academia Research and Development: Plan and promote the establishment of industry research centers, bridge technical and operational needs in industrial fields, and facilitate industry-academia collaboration projects.
- Article 3 The Academy appoints one Dean, selected by the President from full-time faculty or industry experts to concurrently hold the position. The Dean is responsible for overseeing the Academy 's overall operations. Additional staff and contract personnel are employed to execute various tasks.
- Article 4 The Academy establishes the Academy Committee, convened by the Dean. Program directors from each program under the Academy serve as ex officio members, responsible for planning and deciding on various plans and administrative affairs.
- Article 5 These regulations, as well as all subsequent revisions therewith, shall be duly adopted by the Administrative Council prior to implementation.
